ILLUSTRATED INDUSTRIAL EDITION

Monster Issue of the Star, Covering the Business Industries of Ocala and Marion County

Keen Interest Being Shown in this Special Issue by the Leading Business Men of the City and County—Ten Thousand or More Copies Will Be Issued

No city ever attracted Capitalists, Tourists or Home-seekers to any marked degree without making a determined campaign to win them, and the men of action and affairs in Ocala realize this fact thoroughly.

They know that a finely written and illustrated edition devoted to the splendid opportunities in business, agriculture and real estate, which will at the same time convey with vivid truthfulness the unique charms and manifold natural beauties of this region, will do more than anything else to give Ocala its well-deserved prestige as one of the most beautiful, healthful and important cities of Florida.

Liberal application of printers' ink, well distributed, will accomplish greater results toward putting a community on the map and will exert more practical influence in drawing the attention of permanent Home-seekers than any other known accessory of the advertiser's art.

The mechanical work on the paper will be strictly high-class in every respect. From the point of view of artistic typography, beauty of illustration and layout, we do not hesitate to say that the issue will exceed anything heretofore attempted in this part of Florida.

Ten thousand or more copies, printed on fine book paper, will be issued, and circulated among prospective Home-seekers and winter visitors throughout the United States and Canada.

Every business enterprise in Ocala and Marion County should be represented in this edition. This opportunity of publicity should not be overlooked.

CALOMEL IS DANGEROUS

Is a Powerful Chemical Made from Mercury—People Should be Cautel

The only sure way to avoid the danger of calomel is to take no calomel.

Dodson's Liver Tonic, a vegetable liquid of pleasant taste, more than makes its place. Where calomel shakes you up and shocks your liver, Dodson's Liver Tonic, mild but effective, builds up and strengthens. It "liven's up the liver."

It may be taken without any restriction of diet or habits. You can give it to your children with fine results.

Get a bottle at the Court Pharmacy and if it doesn't do all that you think it ought—if it doesn't make bilious spells mere trifles—if it doesn't "liven up your liver," your money will be waiting for you.

TERRIFIED PEOPLE AT TORRAS

Torras, La., May 3.—Almost indescribable scenes have been enacted here, attending the breaking last night of a Mississippi river levee. Men, women and children rushed like mad around the streets, gathering children, clothing and valuables in their flight to high ground, leaving their homes to the mercy of the yellow flood.

SUPPRESSION OF THE TRAFFIC IN WHITE SLAVES.

Washington, May 2.—Attorney-General Wickham has appointed Stanley W. Finch, chief of the bureau of investigation of the Department of Justice, a special commissioner to suppress the white slave traffic.

Mr. Finch will begin a vigorous campaign in every state in the Union for the extermination of the vice. He will co-operate with societies and individuals interested to wipe out the traffic by a systematic and comprehensive plan of investigation and prosecution and by placing agents in every state in the Union. About 600 special officers will be employed in this active campaign.

A vigorous investigation of conditions in Virginia, West Virginia, Maryland, North Carolina and the District of Columbia has already been started.

HELP A JUDGE IN BAD FIX.

Justice E. H. Cherry, of Ellis Mills, Tenn., was plainly worried. A bad sore on his leg had baffled several doctors and long resisted all remedies. "I thought it was a cancer," he wrote. "At last I used Bucklen's Arnica Salve, and was completely cured." Cures burns, boils, ulcers, cuts, bruises and piles. 25 cents at Tidyings & Co's.

MURDEROUS FURY DISPLAYED BY A MULE

Eminence, Ky., May 2.—The thud of galloping hoofs on turf and childish screams brought Mrs. Newton Roberts, wife of a stock breeder near here, out of her house yesterday afternoon to see a mule charging across a field in front of the house with her 3-year-old son dangling from its mouth. When Mr. Roberts and a field hand cornered the mule it required their united effort to make the animal release its teeth from the child's foot. The boy probably will die.

THE DEMONS OF THE SWAMP

are mosquitoes. As they sting they put deadly malaria germs in the blood. Then follow the chills and the fires of fever. The appetite flies and the strength falls; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell, of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50 cts. at Tidyings & Co's.

ENGLISH ARE INVESTIGATING

London, May 3.—The inquiry by the British Board of Trade into the Titanic disaster began yesterday on similar lines to that taken by the United States Senate.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all dealers.
